Issue 17

Date: Friday 23<sup>rd</sup> February 2024

### Online Safety

During the last week before half term, we celebrated Safer Internet day. Miss Smith, our Computing Lead would like to share what we got up to.

Year 1 children read stories about fairy tale characters and what happens when they find a laptop and decide to go internet shopping. Year 2 read a story about some billy goats who find a phone and decide to send unkind messages. We talked about the lessons we could learn from these stories. KS2 took part in a live lesson from 'Tech she can'. They learnt all about the uses of AI and teachers reported back that they learnt a lot as well. I was particularly interested to learn that they used AI to create the fire effects for the film 'Elemental'."

### How do you get to the Rivelin Valley?

Our Y2 children have been writing instruction guides to the Rivelin Valley this week and will be testing them during their visit next Monday. Miss Smith and Mrs Pehl have been delighted by the children's efforts in their presentational skills and use of phonics. The children are looking forward to publishing their work for display.

### Core Value of the Week- Honesty

Talk assemblies this week have been based around the story 'The Emperor and the Seed', which shares the message of the importance of honesty.

The children agreed after listening to the story, that honesty builds trusting relationships and contributes towards living a happy life.

### Pancakes

This week in FS2, children learnt about Shrove Tuesday and Lent. The children made pancakes from scratch, which were greatly enjoyed with lemon and sugar!
