### It's a Bug's Life

Mr Smith, our Eco Lead and children at Rivelin had a great afternoon on Wednesday in the school garden. Here is a message from Mr Smith: Do you know how important pollinators are? Well thanks to working with the Bug Life charity, our Eco Warriors and other pupils got the chance to do their bit for these amazing creatures. We spent the afternoon planting pollinator friendly plants and learning how they help our local environment. The children were so engaged and loved getting stuck into the outdoors. They did a great job of helping to develop our school garden.

### Decimals down the corridor!

Mrs M was super impressed with children in maths club this week. The children used maths link cubes as tenths and made different decimal numbers. The children then worked together to put them in ascending order. Well done Y4s!

Excellence for every child every day
