

Anna Baker

Date of Appointment

19.06.23

Type of Appointment

Staff governor

Term of Office

4 years

Personal Statement

I have been fortunate enough to be a part of the Rivelin team since 2021. I was employed as an Early Career Teacher at Rivelin after studying an undergraduate degree in Geography at the University of Sheffield, followed by a PGCE in Primary Education with Mathematics at the University of Nottingham.

Now, as an experienced KS1 teacher, I also lead Early Reading and Phonics for the school. I am a passionate believer that the key to children experiencing success is their ability to read. As an enthusiastic and confident teacher, I enjoy using my can-do attitude to stay up to date with pedagogy and research.

I am aware that the landscape of teaching and learning is ever-changing and pride myself in staying well-informed with new research and best practices, both of teaching and learning, and effective strategy and governance. I enjoy contributing these ideas to the governing body and am committed to the belief that effective governance requires both ambitious governors and a willingness to listen to all stakeholders and work together to secure fantastic progress for the pupils of Rivelin.

Role on the Governing Body
