Wear it yellow: Mental health

We've been celebrating World Mental Health all week. Our talk assemblies have been a great opportunity for us to delve into the language of emotions and explore strategies that help us to manage them. Thank you to everyone for supporting Young Minds charity with your donations and brightly coloured clothing!

Marble disco

The children enjoyed their well-deserved disco yesterday afternoon after filling their marble jar to the brim!

These children gave a big thumbs up to the disco!

Displays

We have beautiful displays all around us in school. Well done to our children and staff for producing amazing artwork and cross-curricular writing based on our current topics.
